In the summer of 2016, all Plum Lake Cemetery monuments/markers were cleaned, if appropriate, and then photographed by Max E. Rockafellow, member of the Eagle River Genealogical Society. Photographs were reviewed and additions and corrections were made to the Initial Cemetery Transcriptions of burials recorded during 2006-2007. Photographs of mounments/markers were then added to [www.findagrave.com](http://www.findagrave.com) for geneagolist to research via the internet.

The Master Plum Lake Cemetery Burial Records are maintained and held by the Sexton, Jim Mortag, of the Plum Lake Cemetery, aka: Sayner Cemetery.

**COINS LEFT ON CEMETERY HEADSTONES**

While visiting some cemeteries you may notice that headstones marking graves have coins on them, left by previous visitors to the grave. These coins have distinct meanings when left on the headstones of those who gave their life while serving in America's Military, and these meanings vary depending on the denomination of coin.

A coin left on a headstone or at the grave site is meant as a message to the deceased soldier's family that someone else has visited the grave to pay respect. Leaving a penny at the grave means simply that you visited. A nickel indicates that you and the deceased trained at boot camp together, while a dime means you served with him in some capacity. By leaving a quarter at the grave, you are telling the family that you were with the soldier when he was killed.

According to tradition, the money left at graves in national cemeteries and state veterans cemeteries is eventually collected, and the funds are put toward maintaining the cemetery or paying burial costs for indigent veterans.
